## BUCHAREST NOW IN IMMINENT PERIL OF CAPTURE

Only to the Northwest Do Roumanians Seem to Be Holding Invaders Firmly.

Government and Diplomatic Officials Are Leaving for Jassy, 200 Miles Distant.

Russian Attacks in Carpathians Fail, Berlin Announces.

(Associated Press Cable.)

THE SITUATION OF THE ROUMANIAN ARMIES DEFENDING BUCHAREST APPEARS INCREASINGLY CRITICAL. ONLY TO THE NORTHWEST OF THE CAPITAL DO THE ROUMANIANS SEEM TO BE HOLDING AT ALL FIRMLY.

ON THE SOUTHWEST, THE PERIL IS IMMINENT, WITH THE ENVELOPING MOVEMENT OF THE CENTRAL POWERS PLACING THEIR FORCES WITHIN FORTY MILES OF THE CAPITAL.

News dispatches have reported the Roumanian Government and diplomatic officials leaving Bucharest for Jassy, 200 miles northeast of the capital near the Russian frontier.

Planked out of the Alt Valley position by the crossing of the river at Limnizta, the Roumanian line along the Vedeia, running diagonally northwest from the Danube, likewise is imperilled by the Teutonic occupation of Giurgiu, an advance from which would quickly compel a Roumanian retreat.

That the retreat of the Roumanians toward the nearer defenses of Bucharest is already under way, and is a precipitate one, is indicated by today's German official statement, which announces a disorderly retirement of the Roumanian forces along the entire Wallachian front.

Possibly as a diversion in aid of the Roumanians, the Russians have taken the offensive near Kirilbaba, in the Carpathians northwest of the Roumanian frontier.

Attacks here, Petrograd reports, netted them the ridges of heights east and south of Kirilbaba, and the capture of more than 700 prisoners.

Berlin declares the Russian attacks delivered at many points along the Carpathians and western Moldavian fronts resulted only in local successes which were paid for dearly.

## ALLIES MAKE GAIN IN MACEDONIA

With the exception of the Roumanian front, none is more active at present than the Macedonian.

Whatever may have been the result of the recent heavy fighting there, regarding which Germany and Entente accounts disagree, the Allied armies do not appear to have slackened the force of their offensive in the Monastir region.

Paris announces today an important advance by the Serbians, in which two heights were captured, notably one northwest of Grunishite, east of the Cerna river.

An effort is evidently being made to bring the line up to a level with

that within the bend of the stream toward Monastir.

Meanwhile, an advance by the Italians is reported in the region west of Monastir, where a violent battle is raging, in which progress also has been made by the French.

The British Grand Fleet has a new commander in the person of Vice Admiral David Beatty, who was in command of the British battle cruiser squadron in the Jutland sea fight last spring.

Admiral Sir John Jellicoe, long commander of the grand fleet, becomes first sea lord of the admiralty.

By Associated Press Dispatch.

Washington, November 29.—Latest dispatches to the State Department say that the submarine which sank the American steamer Chemung, on November 26, flew the Austrian flag, and that the steamer was destroyed by shell fire as well as by torpedo.

## RUSSIAN TRANSPORTS ARE SUNK BY MINE

(Associated Press Cable.)

Berlin, November 29.—Two large Russian transports, bound from Hel-singfors for Revel were sunk in the latter part of October, as the result, it is believed, of striking a mine, says a dispatch from Stockholm to the Overseas News Agency.

The transport, it is said, had the entire 428th Russian regiment on board. This regiment, it is said, had been on duty for sometime in Finland.

## BUCHAREST, MENACED BY TEUTONS' ADVANCE "CALLED THE POCKET PARIS" OF EUROPE

VIEWS IN BUCHAREST

Bucharest, the capital city of Roumania, menaced by capture by the Teutonic armies of Falkenhyn and Mackensen, offers the biggest municipal prize in the Balkans. It is by far the largest city and the finest and richest in that part of the warring world. The "Pocket Paris," as Bucharest was called before war cast a damper on the gay spirits of the people, claims a population of about 250,000 which puts it in a class by itself among Balkan capitals. Athens has less than 200,000 people, Sofia about 100,000, and Belgrade, before it was devastated by war, had less than 100,000 while Cetinje, the Montenegrin capital, is but a village of 2,000 folk.

Until Roumania's decision to enter the war brought serious matters upon her, Bucharest was the gayest city in Europe. Large numbers of

her citizens had made fortunes out of the war, and they were liberal spenders. Originally a squalid meanly built city, like all the capitals of the near east, Bucharest has of late years sought to become a Balkan Paris and with a fair measure of success. Many fine public and business buildings and private residences along the streets, and luxurious hotels, which charge \$6 a day for the smallest rooms, are numerous, as are expensive restaurants, cabarets, theaters and dance halls. It is the metal plated cupolas of the innumerable churches, however, which give to Bucharest its most picturesque aspect in the eyes of the visitor from the west.

Bucharest is 965 feet above sea level, in the fertile but treeless plain of the small sluggish Dambovitza, and its situation is such as to render it difficult of defense in time of war.

An elaborate system of fortification, commenced thirty years ago, surrounds the city. Bucharest had a considerable population of German and Hungarian workmen, but most of these left to join the armies of the central empires before Roumania entered the war.

At a luncheon General Falkenhyn gave to neutral correspondents he remarked that, although "nothing in this world is so certain that one dares predict anything with safety," Bucharest will be uncomfortable to be in when the Germans get their guns trained on it.

Pictures show buildings in Bucharest. No. 1 is the palace of the late Queen Elizabeth (Carmen Sylva); Nos. 2 and 4, the Athenaeum in Bucharest; No. 3 a typical Roumanian church in the Roumanian capital; No. 5, home of a wealthy resident of the city.

## WYANDOTTE MAN IS GIVEN PARDON

Thanksgiving Pardon Given Out By Gov. Willis.

By Associated Press Dispatch.

Columbus, O., November 29.—I. P. Cameron, of Wyandotte county, was granted the Thanksgiving pardon by Governor Willis today.

Cameron was formerly national treasurer of the Rural Mail Carriers Association and was convicted in February of this year of embezzling funds

of this organization and sentenced to serve an indeterminate sentence.

The money has been repaid, and both the state and national rural mail carriers' associations recently passed resolutions favoring his pardon.

He was also recommended for pardon by Warden Thomas and prison officials.

## CATTLE SCARE IS EASING UP

By Associated Press Dispatch.

Chicago, November 29.—Fear of a renewed outbreak of the hoof and mouth disease in the Central States was waning rapidly among live stock men here today.

With encouraging reports from the suspected cattle in Kansas City, local packers, traders and officials of the union stockyards, expressed a belief that the quarantine against cattle, except for immediate slaughter, from Kansas, Missouri, and Nebraska at the yards in Chicago and East St. Louis would be removed today.

## A VIGOROUS PROTEST MAY BE URGED

By Associated Press Dispatch.

Washington, November 29.—Representation to be made to Germany by the United States on the deportation of Belgian civilians was a topic of discussion at a conference arranged for today between President Wilson and Ambassador Gerard, who will sail Thursday to return to his post at Berlin.

The Administration has determined to express to the German Government its apprehension over the movement of Belgians in more positive form than by the inquiry which Charge Grew at Berlin recently made on instructions from Washington.

## 'PHONE STRIKERS CUT THE WIRES

Toledo Suffers the Loss of 1000 Telephone Lines.

By Associated Press Dispatch.

Toledo, Ohio, November 29.—More than 1,000 wires were cut and as many telephones put out of service last night, according to the report received this morning by the police from the Ohio State Telephone Company, some of whose linemen and girl operators are striking.

Two long distance cables were also cut last night. Five arrests in connection with strike fights were made last night. Two of those arrests were girls.

## BOYCOTTS KNOCKING THE PRICES

Endless Chain of Telephone Calls Adopted By N. Y. Women Serves to Make Boycott Effective.

By Associated Press Dispatch.

New York, November 29.—The price of cold storage eggs at wholesale was one and two cents lower today than yesterday morning, when the egg boycott began.

The average price for fresh eggs was 63 cents, as compared with 55 cents at this time a year ago.

The price of fresh eggs showed no change from yesterday. Some of the wholesale dealers asserted that the boycott would play into the hands of foreign buyers.

They said that men who want eggs for export are waiting for a reduction in price.

The Housewives League today continued active missionary work to discourage the use of eggs. One method was an endless chain of telephone appeals.

One woman called up twenty-five of her friends asked them to abstain from eggs for two weeks, and then asked each of these twenty-five to call twenty-five of her woman friends and deliver the same message.

Since the resignation of Adjutant General Hough, Colonel Bryant has been acting Adjutant General.

The promotion advances him to the rank of Brigadier General. He will hold office until the second Monday in January, when the Democratic Administration assumes office.

# 60 SUITS ARE LAUNCHED TO COLLECT ASSESSMENTS

**Three Score Persons Face Legal Action for Collecting Delinquent Street and Sidewalk Assessments—More Suits to Follow.**

Probably the largest number of suits ever filed in the Fayette county common pleas court at one time were filed by Attorney Ray R. Maddox, Wednesday morning, for the collection of \$6,142.09 in special assessments due the city from 60 property owners who have so far refused to pay the assessment for street and sidewalk improvements.

Mr. Maddox was employed by the county commissioners, a few months ago, to bring action for the collection of the overdue special assessments, and the actions are brought with County Treasurer A. W. Duff the plaintiff.

In each of the sixty separate actions filed an accounting on tax liens is asked, foreclosure of the lien and sale of the sixty or more pieces of property against which the assessments were made.

The delinquent assessments cover a period of some eight years, although the bulk of them date back less than four years.

All delinquents on the following streets are included in the actions just filed, or will be included in another list of about 25 cases which will be

filed within the next ten days or two weeks: Delaware and Ogile, Broadway, Green, Gregg, Forest, Sycamore, Delaware, S. Main, Rawlins, North, Washington Avenue and the brick alleys.

When all of the cases are filed there will be about 85 of them, and the amount of the special assessments asked will pass the \$10,000 mark. Some of the actions are for only a few dollars, while others reach into the hundreds of dollars. Some \$4,000 will be included in the next list of suits filed.

The above suits do not include the East Temple street improvement, over which so much contention arose because it is alleged, the street was not built according to contract. At the present time an injunction action is pending on the East Temple street improvement, and an answer will be filed in that action and the matter taken up with view to early settlement. The East Temple street improvement delinquencies total about \$4700, so that the total special assessments uncollected are approximately \$15,000.

Mr. Maddox announces that he will push the cases to settlement as soon as possible.

Various reasons have been assigned by the defendants for non-payment of the assessments, chief among them being the claim that the improvements made were not according to contract and the assessment is illegal. Some have made no excuse, it is understood.

The boys set to work with a will and made surprising progress, so that the work was fully completed by late afternoon, and the streets once more made presentable and a credit to the city.

And while the boys were at work, petitions were started in circulation by business men, to have the up-town streets cleaned regularly for the next six months. There were signed by nearly every man to whom presented, and within a short time "white wings" will at least be restored to part of the up-town streets.

Following are the captains, members of the teams, and the street cleaned by the enterprising youngsters:

No. 1, Robert McFadden, Captain; Court street, Washington avenue, to meet team No. 2—Earl Giddings, Clark Coffey, Fred Beck, Jess Trappseed, Cyril Moore, Neil Hoppes, Robert Reardon, Glen Boots, Delbert Crouse, Robert James, Carl Merriweather, Frank Rowan, Howard Gregg.

## No Herald tomorrow. IN SOCIAL CIRCLES

Mrs. G. S. Hodson complimented the Cecilians and a number of friends, a hundred guests altogether, with a piano recital that proved one of the most artistic and brilliant musicales in the ambitious club's annals, as well as a charming social affair.

The imposing Hodson home, with its large connecting rooms, opened guests were all seated advantageously, admirably for the occasion and the man Orffheimer, well known concert

The recital was given by Prof. Herorganist of Greenville, O. Mr. Orffheimer is a pupil of Leechetitzky and as well as delightful man. Many a marvelous pianist and genuine art of the guests had enjoyed hearing him previously and were able to anticipate the rare pleasure which had awaited them. Mr. Orffheimer's technique is so clean cut; his touch so sure, yet so delicate, and his personality enters so fully into his interpretations.

He presented a very beautiful program, with one exception, all modern composers, and added to their interest by prefacing with explanations of the music and the composer's conception.

Beautiful, and perfect as was each

number three stood out in marvelous beauty; Toldin's "Prelude," so rich in exquisite harmonies; the brilliant Valse Caprice—Sapellnikoff—and "La Campanella," Liszt's wonderful, "mist of bells in the air."

The program also included Hummel—"The Coy Maiden;" Paderewski—"Theme and Variations;" Felipe Villanueva—"Valse"—a poetical and unusual rendition; Henry Holden Huff—"Sans Souci;" Sigismund Stojowski—"Chant d'Armour;" Moszkowski—"Barcarolle from Tales of Hoffman;" Mendelssohn-Liszt—"On Wings of Song."

The Cecilians added two brilliant and exceedingly well rendered choruses: "The Night of a Thousand Eyes," and "Doris"—Nevin. Mrs. Mabel Briggs accompanied and Miss Marie Kessler played violin obligato.

After the program Mrs. Hodson served a delicious collation, extremely pretty in appointment, with ices and bonbons in rose favor baskets, and chrysanthemums presented to each of the privileged guests.

Mr. Henry Mark, one of Fayette county's oldest and widely known residents, is celebrating his 82nd birthday today.

There was a family dinner at the

Mark homestead to felicitate the revered father. Many friends in the county are extending congratulations.

Mrs. H. H. Whelpley entertained at an enjoyable little dinner Tuesday, Mrs. Martha Stubbs Beattie and little daughter, Bonnie Jane, Mrs. Mollie J. Hammer and Mrs. Carl Mallow.

The Clonians enjoyed a morning session and noon luncheon with Miss Rose McLean Tuesday. With the members were the Juniors Clonians, Misses Elizabeth Johnson, Emily Tanzey and Jean Howat, and Mrs. May Gage, who will also enjoy the winter's study of the drama.

The rising young dramatist, Percy McKaye, was taken up for the day's study, with his plays, "The Scarecrow," "Calliban," "Tomorrow" and "The Sanctuary."

The Art Department, under the able chairmanship of Mrs. Ada Jones, presented an interesting program Tuesday night.

Mrs. Mae Rodgers, in the first paper, treated of "Musical Instruments and Their Development." The drum, which the writer said was the first instrument has made little development and is still in crude form.

Mrs. Rodgers denied the truth of

the often made statement the "Nero fiddled while Rome Burned," saying there were no violin in Nero's time.

It was an interesting paper.

"Some Master Musicians of Today" was the subject of Mrs. Olive L. Teeters' very good paper.

She took up foremost musicians of all nations and their prominence in the musical world.

Mrs. Lea Gregg gave a most excellent paper on "Musical Festivals as a Source of Education." The paper im-

parted liberal information in regard to leading musical festivals and organizations. Special attention was given to Cincinnati's prominence as a musical center, with its wonderful May Festival, choral societies, Symphony Orchestra and Music Hall, with a national reputation.

The papers were freely discussed, which added to their interest.

The club fully appreciated a lovely vocal solo by Miss Ada Woodward, with Miss Ruth Reid accompanist.

**T**HERE'S a direct relation between the two ideas stated in our heading; because such clothes as these are a good cause for Thanksgiving.

In these troubled days, when the cost of everything we eat or wear or use is advancing, you must not forget that the temptation is very great on manufacturers to keep the prices of their products down by letting down a little on quality. That's just what's going on in the making of clothes as well as of other things.

And that's why you can be thankful for Hart Schaffner & Marx clothes; the quality of all-wool fabrics, the fine tailoring the smart style, are all the more important; and these makers haven't lowered their standards in the smallest degree.

When you come here for these clothes you'll get the best in the world.

Thanksgiving

Tomorrow, following the American custom, will be observed by the people of the nation as Thanksgiving Day. It would be almost an endless task to enumerate any considerable number of the multitude of blessings which the people of the United States have been, and are now, enjoying. By the duly constituted authorities of nation and state, Thursday, the 30th day of November, has been designated officially as the legal holiday upon which so far as it is possible to do by legislative enactment and official proclamation, all business is suspended. That is done on the presumption that, relieved of the cares and worries of business, men will be better able to contemplate upon the blessings they have enjoyed during the wonderfully prosperous year that is now drawing rapidly to a close realize how much they have been favored above the people of the less fortunate nations impoverished and plunged into the deep sorrows and devastation of war, and collectively and individually, in the places of public, worship and above all, in their own hearts, give thanks to the Creator of all things.

We should as a nation and a people give thanks for the present great opportunity to, by example and self control, demonstrate to all the nations of the earth the futility and the horror of war and the power of peace. If generous Providence has left to the United States anything of the magnificent abundance that has been granted us, to be desired, it is only the strength, the courage, to prove equal to the great opportunity we have.

The day should be and will be one of happiness. There is no reason why the glorious pleasure of the day which comes with the knowledge of possession should be marred by fear for the future but in the midst of our Thanksgiving we should be mindful of the great work which the coming year will in all probability bring to us and for that too thanks should be given.

The great progress made in every social and governmental reform, as well as the marvelous increase in the material things—the fact that our advance, socially, intellectually and morally has kept pace with our advancement in the acquisition of wealth is one of the greatest blessings for which thanks should be given tomorrow.

Bankers Are Warned

Bankers are advised by the federal reserve board to go a little slow in investing in treasury bills or long time obligations of foreign nations.

Not in any sense reflecting the financial stability of any foreign government the reserve board asserts, but to insure the availability of all funds in business lines at home, the warning issued.

With tremendous price advances in every line and the expansion in business due to the increase in demand the banks of the United States must see to it that the tremendous financial resources of the nation are preserved, according to the underlying idea of the federal reserve bank system, for the use of the business men of America.

The warning is timely and should meet with the co-operation of the American bankers and doubtless it will.

The foreign notes and obligations are alluring to bankers seeking investments for their large balances and it is difficult to withstand the temptations to invest in "something good" now in the hope of supplying a home demand to arise in the future.

However, the necessity and the reason of the warning is made clear in the reserve board warning.

The Price of Shoes

One of the most serious price advances and one which has been accorded comparatively little comment is that one which affects leather and consequently foot wear.

Shoe manufacturers tell us that thirty dollar shoes in the not very distant future are by no means beyond the range of possibilities. Indeed they fear that thirty dollar shoes are very probable. That means, of course, that manufacturers must find a substitute for leather from which to manufacture shoes and foot coverings. They also inform the public that chemists and inventive geniuses are already at work on a substitute for leather and have had some successes with their experiments.

Our supply of leather has been coming, largely, from other countries—a considerable proportion from Mexico. Hence the cutting off of the foreign imports by the war and the chaotic conditions prevailing in Mexico has cut off the supply alarmingly and the fear is permanently.

It may be that before many years only the very rich can gratify a desire to wear full leather shoes and the majority of the people will be compelled to go shod with foot wear manufactured from a substitute "just as good" as leather.

In the mean time we must wait, take what comes good naturally and hope that the chemists will succeed beyond their hopes.

We don't want to go barefooted and we don't want to wear wooden shoes and not many of us can pay thirty dollars for a pair of shoes "conveniently."

Poetry For Today

THANKSGIVING.  
We are so used to food and drink,  
O God,  
So used to raiment, that we count  
These of small moment when time  
comes to take  
Of all our gifts the whole amount.

Through sense of justice these seem  
ours,  
O God,  
The wages of our daily care.  
We plowed and sowed and reaped, and  
hence  
The harvest seems our rightful  
share.

But these fill not the measure up,  
O God,  
Or even half recount the score  
Of all the free-gift blessings which in  
love  
Into our lifted hands you pour—

For tender word that healed our hurts,  
O God,  
For quiet dusks and golden dawns  
For chance you gave to lift a beg-  
gared heart,  
For rose of love amid life's stinging  
thorns.

But for one thing more than all else,  
O God,  
We render thanks, our heads bowed  
low—  
For Peace! That in our homes or  
'neath our far-flung flags  
No death-toned martial bugles blow.  
For blessed Peace; and that our men,  
O God,  
Feed not the cannon's glutton maw,  
And that our tender women, scourged  
and bent,  
Weep not beside the pyres of war.

TOOK THE HURT OUT OF HER BACK.

Mrs. Anna Byrd, Tusculuma, Ala., writes: "I was down with my back so I could not stand up more than half the time. Foley Kidney Pills took all of the hurt out." Rheumatic pains, swollen ankles, backache, stiff joints and sleep disturbing bladder ailments indicate disordered kidneys and bladder trouble. Blackmer & Tanquary. Adv. R. T. SCOTT, Auct.

SLIGHT INCREASE  
IN RETAIL PRICES  
ADVANCE 16 PER CENT

Washington, November 29.—Retail prices of food in the United States, as a whole, advanced three per cent from September 15 to October 15, making a sixteen per cent increase for twelve months, as shown in reports compiled today by the Bureau of Labor.

The figures came from 725 retail dealers in forty-five principal industrial cities.

In the thirty days covered in the report, meats declined in price from one to six per cent, but all other articles given, except tea, coffee, and rice, advanced from one per cent to six per cent (the latter for butter, bread and sugar) and eleven per cent for eggs.

CLOSING GAME OF  
SEASON TOMORROW

Washington will close, Thursday, win or lose, one of the most successful gridiron seasons in years. With eight victories and one defeat the Washington eleven will endeavor to make it one more to the good.

Two years ago, Lancaster, having one of the best teams in the state, defeated W. H. S., by a score of 6 to 0.

This week's practice has consisted only of signal practice and the boys will go into the game ready to compete for the honors. Quite a number of new signals have been added and they are likely to be of good advantage.

The game Thursday will be the last game in which the supporters of the team will see Capt. McDonald, McFadden, Strevey, Harper, Gliddings and Wetzell in action. They are all good men and it will take some fast players to fill their positions.

## \$50,000 DAMAGE SUIT IS FILED IN LOCAL COURT

**Dr. O. D. Maddux Brings Action  
Against Pitman Moore Serum  
Company as Result of State-  
ments Said to Have Been  
Made By Representative of  
That Concern.**

In the common pleas court Wednes-  
day afternoon Dr. Orville D. Maddux  
filed suit against the Pitman-Moore  
Company, of Indianapolis, Indiana,  
for \$50,000 damages, the result of  
damaging statements which plaintiff  
avers was made concerning himself.  
John Logan is plaintiff's attorney.

Plaintiff states that he is a veteri-  
narian, had extensive and profitable  
practice and that on November 24th,  
1916, the defendant caused to be  
spoken false and malicious state-  
ments in which the plaintiff was  
charged with having filled empty  
Pitman-Moore serum bottles with  
Eagle serum and used it in treating  
hogs.

Plaintiff charges that the defendant  
represented that plaintiff had carried  
on his work fraudulently and in an un-  
professional manner, to his damage in  
the sum of \$50,000.

## DEATH SUMMONS MRS. GEO. GOSSARD

After many anxious days with the  
shadow of the death angel casting  
sorrow over the home and through  
the community, Mrs. Amelia R. Gos-  
sard, wife of Supt. George Gossard of  
the Washington cemetery, answered  
the eternal summons at half past eleven  
o'clock Tuesday night.

For the past year Mrs. Gossard has  
been in ill health and for several  
months practically no hope of recovery  
has been offered.

She leaves a widely extended circle  
of friends to personally regret her  
death and to extend sympathy to the  
husband and children, Charles, Jose-  
phine, Clark, Mrs. Madge Pensyl of  
this city, and George Jr., of Spring-  
field.

Mrs. Gossard, beyond all her other  
qualifications of noble woman, loyal  
friend and warm hearted neighbor,  
was a home maker. Her deepest  
heart interests centered in her home  
and the devotion which existed be-  
tween the mother, father and child-  
ren, was so complete that it leaves  
the home doubly bereft. It was her  
greatest pleasure to make the home  
life perfect and a warm welcome al-  
ways awaited all who visited it.

Funeral services Friday afternoon  
at 2 o'clock, at Judy Chapel. Casket  
will be open at residence, Friday un-  
til 1:30.

Rev. Wm. Carson, of Indianapolis,  
Ind., will have charge of the funeral.  
Burial in Washington cemetery.

## ADMINISTRATORS ARE APPOINTED BY COURT

Probate Judge Frank M. Allen has  
appointed as administrators of the  
estate of the late John W. Hornbeck,  
of Madison township, the widow and  
son-in-law, J. A. Hoppes.

## CASE IS SETTLED TRIO PAY \$42.30

John Southern, and his two sons,  
Glen and Earl, brought back to this  
city Tuesday on a charge of petit  
larceny filed by Noah Aiken, were  
locked up in county jail over night,  
and Wednesday morning were taken  
before Mayor Oster, for trial.

Mr. Aiken was present, and when  
the men agreed to foot all costs in  
the case and pay liberally for the  
goods they had taken he withdrew  
the charge against them.

It cost the trio just \$42.30 to get  
out of the trouble. This included a  
grocery bill of \$10.35, costs of board  
while in jail, \$5 for the old stove,  
costs of hiring an automobile to go  
after them, etc.

The men claimed that they under-  
stood that the old stove and what  
few bed clothes they had, were  
meant for them to keep, and that  
they had no thought of stealing the  
articles.

## LOOK AFTER THE BOYS

The Woman's Auxiliary of the Y. M. C. A.  
has undertaken the task of securing rooms and  
entertainment for the Older Boys Conference  
of Ohio. They undertook this because they  
felt it would be a good thing for Washington  
C. H.—as it has in other places. They felt  
too, that entertainment could be secured here  
because the Conference has usually been held  
in towns of this or smaller size.

This is a religious Conference. The mes-  
sage to these Young Men in the period of life  
when it is most needed is a spiritual one. It is  
the only Conference of its kind that will ever  
be held in our town. Let us make these boys  
welcome.

We need rooms and entertainment for over  
a hundred more of the delegates. It will cer-  
tainly be a pleasure and a duty worth while to  
have one or more of them in your home dur-  
ing their stay here.

CARRIE B. WILLIS,

Chairman, Woman's Auxiliary, Y. M. C. A.

### STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to catch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles. If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't-care feeling, no ambition or energy, troubled with undigested foods, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without gripping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists.

### KING CORN GROWER HAS SPLENDID CORN

Mr. H. W. Bussert, champion corn grower of the county and state and one of the best corn judges in the United States, who is farming the F. M. Kennedy farm in Paint township, was in the city Tuesday afternoon, and it was learned that while the general corn crop in the county was not up to the average in quality or quantity, that he has selected some corn which he believes will be in the list of prize winning in county, state and national shows.

Last year, before the corn shows, Mr. Bussert announced that he would not win but a few of the prizes, and when the corn was judged, his judgment proved correct, but this year he is confident of winning his share of the prizes offered in the county and state.

## ALL COMMUNICATIONS MUST BEAR SIGNATURE

Before communications to The Herald receive attention they must be signed by the writer, otherwise they are fed to the "office cat."

If the communication is meant for publication, the name may, by request, be withheld from the published article, but to insure publication it is necessary that the editor know who the author is.

Two or three unsigned communications received during the past two weeks have received no attention because of the fact that they were unsigned, and therefore anonymous letters.

### TRAIN KILLS PORKER

While loading hogs at Bloomingburg Tuesday, Mr. Os Briggs lost a 250 pound hog when the B. & O. flyer bore down upon them before the hogs could be gotten out of danger. The animal was hurled 25 feet into the air. The train stopped.

### SERBIAN GENERAL IS SERIOUSLY ILL

(Associated Press Cable.)  
Nice, November 29.—Field Marshal Radomir Putnik, who led the army which drove the Austrian invaders from Serbia before the successful German drive some months later, is seriously ill. He recently arrived here in a special car from Italy and was so weak that he had to be carried to his hotel apartment. Asthma and other complications have made a physical wreck of the famous Serbian general.

No visitors are allowed to see him. He is being tenderly cared for by his two daughters, Milica and Radicka. The climate is reported to have caused a slight improvement in his health and he has been able to change the special diet which he followed when he first came. Nevertheless the impression remains that the Field Marshal is a used up, finished man. Motionless and looking hard at everything through his piercing eyes, he seems reserving only enough vitality to wait for the realization of his cherished expectations; the freedom of Serbia.
